The growing importance of the library in our community is evident by the increase in circulation of books and by the number of meetings and activities going on there each week.

During the past year we have had Mrs. Cynthia P. Hamilton, State Library Consultant, Mr. Ralph Riley, District Consultant, and Mr. John Wright, Book Mobile Supervisor visit us several times. We were pleased to again host the Book Buying Meeting for this area in February.

National Library Week was observed in April with special emphasis on the theme "Books Bring People To-Gether". Exhibits and books were on display for this special week.

In the summer months a reading club was held for the boys and girls. "Around The World With Books" was the theme. Different programs were held each week which helped keep interest high and encouraged the children to read books. Helping to make it a very rewarding time for each child were Dr. and Mrs. Richard Chisholm, Dr. and Mrs. William Taffe and Prof. Terrence Downs. A special thank you to each one who had a part.

The 4th Annual Katherine Grimes Art Exhibit was held in July. This continues to be very popular and brings us many visitors. We thank Mrs. Grimes for her interest in the library and for her kindness in sharing her paintings.

In the Spring your librarians completed a ten week course at Plymouth State College on Reference Work. The Trustees had the library roof shingled and also had some storage shelves added to the book room in the basement. Both were a must for the building.

One of the goals of a library is to enrich personal lives and encourage continuous self education through the use of library materials of all kinds. Won't you plan to visit your library real soon and see how we may be of help to you?

FOUNTAIN COMMITTEE REPORT

The Committee met with the Selectmen and found we had \$410.00 to work with. We investigated the possibility of repairing the old fountain. Missing parts and exorbitant repair costs prevented our being able to restore the old fountain. We wrote to three fountain dealers for catalogs of fountains similar to the old one and the prices ranged from \$1,750.00 to \$4,000.00, which eliminated this possibility.

A contribution of \$100.00 was received toward the fountain. Agreeing that others might wish to contribute, we published a notice asking for contributions. Receiving no replies, we decided to see what we could do with the amount we had to work with.

In contacting public spirited townspeople we were fortunate. Robert Morton has designed a fountain, Luther Packard consented to do the plumbing, and Roy Lyford the cementing and painting of the present bricked basin. We feel the final design will enhance the beauty of our Common, and cost within our limit of funds. A sketch of the fountain we recommend will be on display at the Town Hall for your consideration.

It is our opinion that not only for economy's sake, but for the practicality of maintenance and the simplicity of design, that this water cascade will help restore our Common to a place we can all admire.

With your consent, we are willing to continue as a committee and complete this project.

Respectfully submitted,

GLADYS W. ACKERMAN, Ch.

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A. M. and 5:00 P. M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent forest fires.

Number of fires reported and acres burned - 1972 season:

STATE	410 fires	361 acres burned
DISTRICT	9	2½
TOWN	1	1/160

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

The new addition on the Russell School has solved many problems for the Rumney elementary students. The addition has permitted the principal and teachers to expand the offerings to the students and plan for additional activities next year.

Your new principal, Mr. Day, has devoted himself to constantly improving your school. He has gone way beyond what could normally be expected of any teaching-principal. He has attempted to treat everyone with the utmost respect and understanding. Hopefully we will be able to retain the services of this young man for a few years.

Another very important ingredient in this year's success has been the cooperation the teachers have shown. The teachers and staff are all pulling together in an earnest attempt to give the students a good education.

A cooperative spirit in these days is hard to develop and even harder to maintain but it is the only way a school system is going to move ahead.

Respectfully submitted,

N. KENNETH SMITH
Asst. Supt. of Schools

EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1971-1972

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$15,700 which was received by the Superintendent of Schools of Supervisory Union #48 during 1971-1972 was made up as follows: \$2,500 paid by the State of New Hampshire and \$13,200 was prorated among the school districts comprising the Supervisory Union. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The salary of the Assistant Superintendent during 1971-1972 was made up as follows: \$2,700 paid by the State of New Hampshire and \$10,500 was prorated as stated above. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

Superintendent of Schools

REPORT OF THE SCHOOL NURSE

School health examination requirements of all pupils, teachers, cooks and bus drivers were changed within the past year to improve health standards.

More first aid supplies were made available in all schools and a well equipped first aid kit furnished for use in athletics.

Many students were able to take advantage of the fluoride and dental program at the New Hampshire Technical Institute in Concord. Dr. Allen Naves has conducted dental clinics for some students with the follow up work from the Institute.

Routine health work has included checking of heights, weights, vision and hearing in every other grade as in the past.

I wish to thank the students, parents and others, especially the Plymouth Lions Club, for their help and cooperation during the year that has made the health program a success.

Respectfully submitted,

BLANCHE A. MacDONALD, R. N.

REPORT OF THE PRINCIPAL RUSSELL SCHOOL

The faculty and staff feels that this has been an exciting year at the Russell School.

On Thursday, September seventh, the doors of the Russell School opened for another school year. There were many smiling faces as the children gazed upon the new building. Because of the financial support of the citizens of Rumney and because of a willingness on the part of your school board to plan and to see that things "got done", we have been able to offer many new services to your children. Among these are:

- a. an expanded physical education program made possible by the construction of the multi-purpose room;
- b. a library of substantial size and that meets state requirements;
- c. an expanded inter-school sports program;
- d. two new modern classrooms;
- e. two new instructional staff members;
- f. an expanded assembly program;
- g. a completely new science program which encourages children to learn and to experiment by making the method of learning enjoyable;
- h. an expanded art program;
- i. a parent-teacher association that is strong and more than willing to donate its resources for the betterment of children;
- j. an improved playing area around the school (although playground equipment has been conspicuous in its absence);
- k. a flexible daily schedule which has enabled some citizens of Rumney to come to the school to share their specific talents;
- l. and, in general, an enlightened learning environment for your children.

The staff and children of the Russell School thank you, the citizens, for making these things possible.

The teachers have planned even a better year for 1973-74. Among the things to look for next year are:

- a. better and more complete use of the school plant, in general;
- b. longer and more frequent use of the school and public libraries;
- c. a higher degree of coordination and planning that will enable us to bring even more specialists into the Russell School to work with your children and to offer them learning experiences;
- d. new material and methods to be used by the teachers to help meet the specific needs of each child;
- e. a renewed effort to bring talented citizens of Rumney into the school in order that they may share their talents with the children. Citizens talented in sewing, cooking, piano, wood-working, and arts and crafts are encouraged to contact the school.
- f. an even stronger working relationship between parents and teachers manifesting itself in a strong parent-teacher association;
- g. more emphasis on the parent volunteer program.

We at the Russell School have enjoyed this school year. It is our hope that the children and parents have enjoyed it also. We appreciate your continued support.

Respectfully submitted,

JAMES T. DAY
Principal
